NUMB. 1692

THURSDAY, NOVEMBER 20. 1740.

Petersburgh, Nov. 4. N. S.

HO' the Publick in general is pleased with the Settlement of the Succession; yet some People are uneasy to think what may be the Consequence if either of these three Cases should happen; *viz. If the Young Emperor should die in his Minority; if he should die without Lawful Issue; and if the Princess Anne, and the Duke of Brunswick her Husband should have no other Children.* But neither of these three Cases escap'd the Attention of the Czarina, and the Vigilance of her Ministers. By her Imperial Majesty order'd by a particular Disposition, 'That in such Circumstances the Nation itself shall chuse their own Sovereign, in a General Assembly compos'd of all the Orders of the Government; viz. the Clergy, the Senate, the Military Order, all the Council of the Regency, and the Ministers of the Cabinet; who are all together to be consider'd as the Representatives of the Nation, &c.

The Duke of Courland has sent a Gentleman of the Court to the Marquis de la Chetardie, the French Ambassador, and to Mr. Finch the British Plenipotentiary, and to the other Foreign Ministers, to declare to them, 'That the Emperor John III. will maintain and observe all the Treaties and Engagements made with the late Empress Anne: That he will endeavour to cultivate with their Principals the same Friendship and good Understanding that subsisted during the Life of that Princess; and that the Duke Regent will contribute all his Care to this End.' And besides this General Assurance, there was a Particular one to Mr. Finch, to whom it was declar'd on the Part of the Regent, *That the Death of the Czarina shall be no Manner of Hindrance to the Negociation which was begun in her Lifetime with the Crown of Great Britain.* It was also declar'd to M. de Swart the Dutch Resident, 'That the Duke of Courland being possess'd with the highest Esteem for the Republick of Holland, will take every Opportunity to cultivate the Friendship of their High Mightinesses, and to promote the Establishment of the Commerce of the Two Nations, to the mutual Advantage and Satisfaction of their respective Governments and Subjects.' The Court has also sent an Express to the Russian Ambassador at the Porte, to order him to declare to the Grand Vizier, that the Treaty of Belgrade shall be maintain'd and executed in every Article, on the Part of this Court.

HOME PORTS.

Liverpool, Nov. 16. Arrived the William and Betty, Powell, from Virginia, 'who left the Capes the 3d of October, in Company with the Hector and Welt Men of War bound to Jamaica with Transport-Ships under their Convoy having on board the Soldiers rais'd in Virginia and Maryland, being one thousand Men.

Falmouth, Nov. 15. Arriv'd the Mary, Gover, from Virginia, under Convoy of his Majesty's Ship Colchester, Capt. Richard Simons, 'who dy'd the 14th ult. much lamented by all the Fleet under his Care.

Dartmouth, Nov. 16. 'Last Night a Sloop from Wells for Bristol, laden with Wheat, was forc'd on shore a little to the Westward of the Start by a Spanish Privateer. She afterwards boarded a Brigantine and carried her off, as 'tis said the Master of the Sloop reports. Another Sloop is come into our Harbour, who saith she saw the same Privateer off the Start this Evening.' Came in the Happy Return, French, of and for this Place from the Cape de Verd Islands.

'Since the above we have Account that the said Privateer, which is a small Boat with French and Spaniards, is taken, and a Sloop which she had in Tow and was making off with, by the Rose Man of War, and carried into Torbay.'

Deal, Nov. 18. His Majesty's Ship Cruizer is sail'd, with most of the Outward-bound. Remains the Elizabeth Man of War, with the Georgia, Thompson, for Georgia. Arrived the Seaflower, Dixon, and the True Briton, Donaldson, both from Maryland; and the Rose, Brunet, from Lisbon, last from Portsmouth. Came down and sail'd thro' the Neptune, Berkley, for Milford, and the Forest, Harry, for Bristol. Wind West.

Gravesend, Nov. 18. Pass'd by the Lady Ann, Claas Vink, from Amsterdam.

LONDON.

They write from France, that three Ships lately sail'd from Brest with Ammunition and Provisions for the Marquis d'Antin's Squadron in the West Indies; and that thirty-two Ships are come into Havredegrace with Corn for the City of Paris.

Letters of the 25th ult. from Rome say, that Cardinal Coscia makes a very grand Figure there, that he pays 6000 Livres a Year for a Palace which he has hir'd in the Square of Colonna, and that he seems so much in Favour with the Pope, that 'tis not doubted but he will soon be declar'd innocent of all the Matters laid to his Charge. Mean time he has retain'd the most able Advocate at Rome to plead for his Discharge from the Fine. When the Pope first heard of the Death of the Emperor, he was extremely surpriz'd, and shut himself up for an Hour in his Closet to meditate on the Event.

Letters of the 4th from Augsburg say, they have Advice from the Upper Palatinate, that 14 Battalions and 20 Squadrons of the Elector of Bavaria's Troops are moving towards a Rendezvous in that Country, and a Train of Artillery is getting ready for them.

They write from the Hague of the 14th, that Prince William of Hesse Cassel has receiv'd a Letter from his Brother the King of Sweden, with Advice that his Majesty is in good Health.

The Count de Perouse the Bavarian Minister at Vienna is not gone from thence to Munich, as was said in the last Advices from Germany, tho' some People imagin'd that his endeavouring to excite the other Foreign Ministers to suspend their Functions, and not to own the Queen of Hungary, &c. would have been resented by her Majesty in another Manner; but she has wisely preferr'd moderate Measures for the present, and has contented herself with producing the original Will of Ferdinand I. in order to demonstrate the Invalidity of the Elector of Bavaria's Pretensions.

Those of the 18th from Berlin say the King of Prussia has order'd 20 Battalions and 25 Squadrons to hold themselves in Readiness for a March.

Letters of the 4th ult. from Constantinople say, that the Plague still makes great Havock there, and that 'tis apprehended there will be some fatal Conspiracy against the Grand Vizir, because he puts every Man to Death that gives him Umbrage, without allowing them time to make their Defence.

Those of the 5th Instant from Rome say, that the Pope has order'd a Mausoleum, like to that of Queen Christina of Sweden, to be erected in the Vatican Church in Honour of the Princess Sobieski late Wife to the Chevalier de St. George

On Saturday the 15th Instant his Majesty's Ship the Rose, appointed Convoy to the Trade going to Carolina and the Bahama Islands, being got down the Channel as far as the Start Point, her Commander, Capt. Frankland, perceived a Boat (which appeared like a French Fishing-boat) in Company with a small Sloop; and suspecting her to be a Spanish Privateer, with a Prize, he order'd the Ships under his Convoy to make the best of their Way to Torbay, and himself gave Chace to the Boat, and in 3 Hours and half came up with her: and she proving to be a Spanish Privateer he took her. She is a Launch of about 20 Tons, rows with 14 Oars, and had 20 Men on Board when taken: She came from Port Passage the 22d of October, and, two Days before she was taken, from Conquet, a French Port near Brest. The Sloop which was in her Company proved to be a Prize which had been taken by her, called the Molly, John Wescomb, Master, from Hamble bound to Fowey.

There is great Reason to believe that the Spanish Squadron which sail'd from Ferrol the 10th of July was seen a little to the Northward of our Leeward Islands on the 30th of August, a Vessel from thence arriv'd in New England having been chased by a Ship detach'd from about 12 or 14 more large Ships, but the Hurricane then coming on she got clear; and from their Situation 'twill be no Surprize to hear that all or most of them suffer'd.

The Globe, Capt. Scott, bound from Virginia to Whitehaven, was lately lost in Sligo Bay, near the N. W. of Ireland.

The Betty, Tucker, from Biddiford for Bremen with Tobacco, is lost near Biddiford.

The Endeavour, Chambers, from Cork for Milford, who was in the late Storm, is well at Scilly.

The Industry, Vanderluer, from Havre for America, is put into the West of Ireland.

Yesterday being the Birth-day of her Royal Highness the Princess of Wales, who then entered into the 22d Year of her Age, their Royal Highnesses receiv'd the Compliments of several of the Nobility and Gentry on that Occasion.

The same Day the Rt. Hon. the House of Peers waited on his Majesty with their Address of Thanks for his most Gracious Speech on Tuesday last. And

This Day the Hon. House of Commons will wait on his Majesty with their Address.

The Right Hon. the House of Peers have adjourn'd to Monday next.

We hear that no Petitions for Private Bills will be receiv'd by the Lords after the 15th of January, and not after the 21st by the House of Commons.

We hear that the House is ordered to be call'd over the 4th of December next.

Yesterday the Right Hon. the Countess of Windsor was safely deliver'd of a Son at his Lordship's House in Grosvenor's-street.

On Monday last Jane Humber was committed to Newgate by Col. De Veil, for robbing the Lodgings of Mr. Daniel Martin of about fourteen Pounds.

The same Day Ann Gibbs was committed to the same Place by the same Gentleman, for stealing a Quantity of Wearing Apparel from Mrs. Rachel Hicks. As was also Eleanor Nugent, for privately stealing a Silver Watch and 18 Shillings from Mr. John Macaffey.

And on Tuesday last Andrew Price was committed to the Gatehouse by the same Gentleman, for cheating and defrauding Mr. William Clever, an eminent Wine-Merchant in Tower-street, of two Hogsheads of Wine, by pretending he came from his Master, Mr. Fromagit, at the Golden Eagle in Suffolk-street, tho' he was discharged out of his Service; by means of which he fraudulently got those two Hogsheads of Wine into his Hands.

ANTI-SYPHILICON.

THE only short and most infallible Cure in the Universe for the VENEREAL DISEASE, from the slightest Infection to the most extreme and deplorable Degree of it, even when the Blood and Juices are thoroughly contaminated with its malignant VENOM, and the very Bones are affected with it.

Fresh Infections, call'd CLAPS, with all their attendant Symptoms, tho' ever so severe, are entirely carried off by it in a few Days, and so as effectually to prevent the Blood and Juices from being tainted with any remaining Relics on one Hand, or a seminal Gleet or Weakness to happen on the other.

And the most inveterate Degree of the French Illness attended with Nocturnal Pains, universal Breakings out, and all the other most exasperated Symptoms, are first overcome by it, and effectually and much more safely cured than by Salivation, Inungation, or any other Method whatever, and in so easy and pleasant a Manner, without impairing Strength, or occasioning any Inconvenience, as totally to bespeak it the only apposite Remedy or true Venereal Antidote in the World; and this some Thousands have found their great Joy experience'd.

It is pleasant to take, occasions no Sickness or Disorder, nor requires Confinement; but may be taken, and the Cure be accomplish'd, without the Knowledge of the nearest Friend.

Those who suspect they have received an Injury, may by only a Dose or two of it, be perfectly freed from all Apprehensions; for it suffers no lurking Venom to lie hid in the Body, but wholly extirpates it Root and Branch, in a gentle, easy, and most effectual Manner.

All such likewise as doubt they have some remaining Relicks of former Injuries, may by a few Doses of it entirely free themselves from all Suspicion of that Kind; for it admits no Foulness, Corruption, or Putrefaction whatever, to remain in the Fluids, or to adhere to the Solids; and on that Account, in all scorbutick, scrophulous, and even leprous Eruptions or Foulnesses of the Skin, Glandulous Swellings and Impurities of the Juices, it does more by one Dose, than any other Medicine yet known can by ten.

The Price of this most Noble ANTI-SYPHILITICON is but Six Shillings a Pot, which, considering its extraordinary Efficacy, one Pot only being sufficient in most Cases to accomplish the Cure, is not a tenth Part of its Value; and is appointed by the Author to be had only at Mr. Raymond's Toyshop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up with a Book of Instructions, by the Perusal of which, all Persons who were ever affected with any Degree of the Venereal Disease, may perfectly understand their own Condition, and certainly know when, and when not, the Venereal Poison is entirely rooted out of their Bodies

Note, Ask only for a Six Shilling Pot for the Scurvy.

For the PALSY,

An infallible and speedy Cure, by one single Medicine, being a most pleasant Chymical Tincture, to be taken in Drops,

WHICH gives instant Relief in any Paralytick or Nervous Indispositions, proceeding from what Cause soever; and also in all Weaknesses, or Decays of Nature, whether from Old Age, or occasioned by continued Illness of Body, or any Irregularities of Living, such as hard Drinking, &c. whereby Nature is sorely weakened, and often in a Manner quite spoiled.

This infallible Chymical Tincture is endued with such specifick Qualities, that it instantly enters the Nerves, the principal Seat of all Complaints of a Paralytick Kind, restores natural Heat and Strength to a Degree consistent with a good State of Health; and in a very little time perfectly cures all Paralytick Weaknesses of the longest standing; and also the severest or worst Effects of it either on old or young, such as shaking or trembling of the Limbs, Numbness, or even Dead-ness on any Part of the Body; as has been happily experienced by great Numbers of both Sexes, and all Ages, before this Publication.

As for any Weaknesses or Decays of Nature, by Age or otherwise, this Tincture has not its Equal; it is so genial in Operation, as not to give the least Disturbance in taking, but in its Effects so strong and prevalent, that all Decays or Weaknesses of Nature, whether Paralytick, Convulsive, or any other Indispositions attending the Head and Nerves, are instantly relieved, and daily mended; so as in a very little Time a perfect Cure is accomplished.

It is exceeding pleasant to take, safe in Operation, and perfectly agreeable to the Stomach and Palate, greatly helps Digestion, causes a good Appetite, revives and strengthens the whole Human Frame, and is so safe and regular a Cure of all Paralytick, Convulsive, and other Nervous Indispositions, that nothing in the World was ever yet known to come near it.

It is sold by special Order of the Author, only at Mr. Markham's Toyshop, the Seven Stars under St. Dunstan's Church in Fleet-street, for 10 s. 6 d. each Bottle.

LONDON: Printed for T. COOPER, at the *Globe* in *Pater-noster Row*.
